

CALL FOR PAPERS

This year we offer two ways for you to present information to the audience. One is the traditional presentation or panel and the other is the use of a visual exhibit table because we feel there are many areas of research that are easier understood by a more hands-on approach.

Full Papers (30 minutes)

Presentations should be on new evidence or interpretations that add to the record and our understanding of the Kennedy assassination and related events. An abstract/description of the topic must be sent with the proposal cover page.

Short Papers (15 minutes)

Short papers are brief, more condensed presentations or work-in-progress projects. An abstract/description of the topic must be sent with the proposal cover page.

Panels* (1 hour minimum)

A panel offers an opportunity for 3-6 people (including the moderator) to present their views or results on a common theme, issue, or question. Panels should cover timely topics related to the conference areas of interest. Panel selection will be based on the importance, originality, focus and timeliness of the topic, expertise of proposed panelists, as well as the potential for informative (and even controversial) discussion. Panels must allot at least 50% of the time for interaction and discussion with the audience.

**Panel proposals must include: proposal cover page, an abstract/description of the panel topic; * a brief position statement and qualifications of each panelist.*

Exhibits:

Exhibit sessions enable researchers to demonstrate and discuss their latest results and development in progress in order to gain feedback and to establish contact with similar projects.

Exhibit presentations should be on areas of research that lend themselves to a more visual or hands-on medium. Exhibit areas will be provided by JFK Lancer. This includes a skirted 8ft table with fabric-covered foam board backdrop. A walk-through of all exhibits will be videotaped. Please contact us if you have any questions. Exhibit proposals must include: a written description of the planned exhibit demonstration and should emphasize the subject, what was done, and why the work is important.

Exhibit/Demonstration presenters will be required to arrange for their own exhibit materials, A/V or computer software and hardware. The Conference will provide a table, backdrop and electricity for each presenter.

Speaker's Information

What you need to submit a proposal:

Cover/Proposal Form (required)

Abstract or Summary (required)

Guidelines and Audio - Visual Checklist (required)

Proposal Deadline:

September 20, 2000

Authors Notified: September 26, 2000

What you need after notification:

Registration* (required)

Public Speaking Tips, Tricks, and Shortcuts

* Presenters must pay the special \$50 registration fee.
